INTERNSHIP

LawSikho, Remote

Consultant and Operations Intern (Dec 2025 – March 2026)

- Supported customer onboarding and adoption workflows, ensuring timely follow-ups and accurate requirement documentation
- Conducted 80–100 daily customer interactions, communicating product information and capturing feedback for internal teams
- Maintained and analyzed CRM data to track customer engagement, onboarding status, and pipeline movement
- Coordinated with internal stakeholders to drive execution, issue resolution, and smooth customer handovers

TRD Studios, Hyderabad

Operations Intern (April 2025 – June 2025)

- Supported marketing and growth execution, coordinating deliverables across internal and external stakeholders
- Assisted in campaign planning, execution tracking, and performance reporting for ongoing initiatives
- Coordinated with 10–12 stakeholders, ensuring structured communication, follow-ups, and execution alignment

Karma Fight League (Pvt)

HR Operations Intern (Oct 2023 – April 2024)

- Supported community and user onboarding initiatives, engaging with 40+ participants through structured communication
- Managed a CRM database of 300+ users, tracking engagement, onboarding progress, and follow-ups
- Coordinated multi-channel communication (calls, emails) to drive engagement and smooth execution

PROJECTS:

Advanced ERP Optimization Research Project (2025–2026)

- Conducting ongoing research on enhancing ERP systems using integrated AI, Blockchain, and IoT, analyzing failure patterns from European automotive implementations to develop a more reliable, scalable framework
- Applying JMP and IBM SPSS for regression analysis and model validation to design an improved ERP workflow enabling secure data exchange, predictive analytics, and real-time automation

BOAT Independent Academic Research Project

- Conducted a quantitative study with a sample of 150 respondents to analyze how independent factors (brand, features, pricing, sound quality, durability) influence earphone purchase decisions
- Identified key consumer preference patterns by evaluating brand usage, feature prioritization, and decision-making criteria across different demographics

Kadak Adda – Micro-Franchise & Social Venture Design Project

- Developed a scalable micro-franchise model for Kadak Adda, transforming chai tapris into standardized, branded, hygienic micro-enterprises using design thinking and service design
- Built the brand and digital ecosystem—brand identity, business model, and UX-first website structure—integrating impact storytelling, vendor upliftment, and community engagement

AWARDS AND ACHIEVEMENTS

- Winner of **Brand Bazar & Hustle Hub** at VIT-AP in 2025, recognized for SEO optimization and revenue model case analysis
- Winner of **Idea Igniters** at Gitam University in 2025, for developing the Water-Nest emergency purification alternative
- Winner of **Best in Team Building** at Vignan University in 2024, for driving motivation, collaboration, and team productivity
- Winner of **VPL Auction** at Vignan University in 2024, for strong decision-making and teamwork under competitive pressure

SKILLS AND TOOLS

- Customer Success & Onboarding:** Customer communication, follow-ups, adoption tracking
- Marketing & Growth Operations:** Campaign coordination, content support, execution tracking
- GTM & Stakeholder Coordination:** Cross-functional alignment, execution ownership
- CRM & Data:** CRM workflows, reporting, engagement tracking
- Tools:** SPSS, JMP, Microsoft 365
